1. General

1.1 Introduction

(1) These rules (the "Warrant Rules") were issued by Oslo Børs ASA on 12 June 2008 and amended on 28 May 2009, 19 March 2010, 3 September 2010 and 15 July 2011. The rules are issued in accordance with Section 24, first paragraph, of the Stock Exchange Act¹ and Section 1, third paragraph, of the Stock Exchange Regulations.

(2) The Warrant Rules provide detailed provisions and clarifications in respect of the provisions of the Stock Exchange Act, the Securities Trading Act², the Stock Exchange Regulations³ and the Securities Trading Regulations⁴ as in force at any time. In the event of any conflict between the Warrant Rules and legislation or regulations, the legislation or regulations in question shall prevail.

1.2 Listing of warrants and ETNs

(1) The Warrant Rules establish the requirements for the issuers of financial instruments related to one or more underlying instruments or products, like warrants and ETNs (the instruments).

(2) The underlying for warrants and ETNs must consist of the following:

1. Shares or other financial instruments;
2. An index, a basket of shares or other financial instruments;
3. Currency or a basket of currencies; or
4. Commodity or a basket of commodities.

(3) Financial instruments that satisfy the requirements set out in these provisions and that are admitted to listing on Oslo Børs are deemed to be transferable securities, cf. Securities Trading Act, Section 2-2, second paragraph, No. 3.

1.3 Requirements applicable to the issuer

(1) The issuer of warrants and ETNs must be a financial institution or an investment firm with primary capital of at least EUR 5 million that is rated "investment-grade" by a recognized credit rating agency.⁵

(2) Documentary evidence that the issuer satisfies the requirements of the Rules must be submitted to Oslo Børs at the same time as the application for admission to stock exchange listing, cf. section 2.5.1, third paragraph, No. 4.

(3) The Issuer must have an audit committee or equivalent corporate body, cf. the listing rules for equities on Oslo Børs (the "Listing Rules") Section 2.3.7.

1.4 Scope

The Rules apply to warrants and ETNs that are listed on Oslo Børs, or for which admission to listing is sought. The continuing obligations set out in section 3 apply to warrants and ETNs listed on Oslo Børs as well as for the issuer.⁶

¹ Act of 29 June 2007 No. 74.

² Act of 29 June 2007 No. 75.

³ Regulation of 29 June 2007 No. 875.

⁴ Regulation of 29 June 2007 No. 876.

⁵ Rating equivalent to BBB or better.

2. Listing rules

2.1 General conditions

(1) Warrants and ETNs may only be admitted to stock exchange listing if they are assumed to be of public interest and are likely to be subject to regular trading.⁷

(2) Oslo Børs must deem the instruments suitable for listing.

(3) Oslo Børs may, on individual basis, in the conjunction of the listing of warrants and ETNs require calculation and disclosure of information related to valuations of the instruments.

2.2 Requirements applicable to the warrants and the ETNs

2.2.1 Registration with a central securities depository

The warrants and ETNs must be registered with a central securities depository authorised pursuant to Section 3-1 of the Securities Register Act. Instruments that are not subject to a requirement for registration pursuant to Section 2-1 of the Securities Register Act may be registered in some other securities register, subject to demonstrating that investors and member firms will be able to carry out securities settlement.

2.2.2 Currency

Warrants and ETNs must be listed in Norwegian kroner (NOK). Oslo Børs may approve listing in a different currency.

2.2.3 Requirements for the terms and conditions of exercise

Warrants and ETNs shall be exercised by cash settlement or by settlement in the underlying shares/financial instruments. Exercise must take place automatically, without any requirement for action by the holder.

2.2.4 Standardisation

Issuers shall to the greatest possible extent standardise the products in terms of the multiplier used to calculate the relationship between the warrant/ETNs and the underlying instrument, the rules and procedures for exercise and the settlement of the warrants/ETNs, and the market making requirements that apply to the warrants/ETNs. The multiplier shall be such as to permit a sensible and uncomplicated calculation of the value of the warrants and the ETNs.

2.2.5 Requirements for market making arrangements

(1) Warrants and ETNs for which admission to stock exchange listing is sought must have one or more market makers that quote binding bid and offer prices for the instruments. The requirement to enter into a market making agreement will not apply if at the time that the instruments are admitted to stock exchange listing there are at least 300 owners where each owns warrants/ETNs with a value of at least NOK 10.000.

(2) If it becomes apparent over time that the instruments are subject to regular trading with satisfactory liquidity, Oslo Børs may upon application grant an exemption from the requirement for market making.

⁶ The continuing obligations set out at sections 3.1.1, 3.1.2, and 3.1.3 apply from the time the application for admission to listing is submitted, cf. section 2.5.2.

⁷ Cf. Stock Exchange Act, Section 34, first paragraph.

2.2.6 Licence agreement with Oslo Børs

If as part of its marketing the issuer makes use of indices with names for which Oslo Børs holds the licence rights, the issuer must enter into a licence agreement with Oslo Børs.

2.3 Prospectus

(1) A prospectus must be prepared in accordance with Chapter 7 of the Securities Trading Act and related regulations, and must be inspected and approved by the prospectus authority pursuant to Section 7-7 of the Securities Trading Act, or must be a prospectus prepared in accordance with the equivalent rules in another EEA member state that can be used cross-border in accordance with Section 7-9 of the Securities Trading Act.

(2) Section 3.5 of the Warrant Rules shall apply similarly to a prospectus produced in connection with an application for stock exchange listing. However, the deadline for confirming public disclosure in accordance with section 3.5.3 shall not in any circumstances be later than the deadline imposed by section 2.6, second paragraph, item 1, cf. third paragraph.

(3) If a draft prospectus is sent to the prospectus authority for inspection and approval prior to the submission of the application for admission to stock exchange listing, the draft prospectus must be sent at the same time to Oslo Børs (prospekter@oslobors.no).

2.4 Additional requirements

Oslo Børs reserves the right to impose additional requirements on issuers of warrants and ETNs for which admission to listing is sought if it considers this necessary for the protection of potential investors.

2.5.2 Duty of disclosure from the time the application for listing is submitted

The rules on the duty of disclosure in Continuing obligations of stock exchange listed companies at section 3.1.1, section 3.1.2 and section 3.1.3, shall apply to the issuer from the time the application for stock exchange listing is submitted.⁸ The issuer will be allocated a ticker code and be given access to the exchange's news service (Oslo Børs News Service) from the time the application is submitted.

2.5.3 Processing the application

(1) Decisions on admitting warrants and ETNs to stock exchange listing are made by Oslo Børs.

(2) Applications for admission to stock exchange listing shall be decided without undue delay, and in any case within six months.⁹

(3) Chapters III, IV, V, VI and VIII of the Public Administration Act, with the exception of Section 13, shall apply to rulings made by Oslo Børs in respect of admitting warrants and ETNs to stock exchange listing.¹⁰

(1) Oslo Børs reserves the right to demand that the issuer, the issuer's officers and the issuer's employees provide Oslo Børs with information pursuant to section 3.3, first paragraph.

(2) Oslo Børs reserves the right to demand that further documentation is provided to the extent that it considers this necessary to evaluate the application.

2.5.5 Notification and publication of the decision

The applicant shall be notified of the decision in writing. If the application is refused, the reason for refusal shall be stated in the notification. Moreover, the notification shall provide information on the right to appeal to the Stock Exchange Appeals Committee, the time limit for making an appeal and the procedure for appeal. Oslo Børs shall publish its decision unless special circumstances indicate that the decision should not be published.

(2) In addition to the information required for the application for admission to listing, the following matters must be documented in writing and received by Oslo Børs no later than 14.00 hours on the trading day immediately prior to the first day of listing:
