Oslo Børs TradElect migration: 2nd Mandatory Dress Rehearsal Saturday 16 January 2010

The 2nd mandatory Dress Rehearsal before go live of Oslo Børs TradElect on 15 February 2010 will take place Saturday 16 January 2010. This letter contains important information to all parties involved on required actions before, during and after the Dress Rehearsal. We kindly ask our members, vendors and relevant ISVs to study the information carefully, as well as the additional information enclosed to the same e-mail as this letter.

We will also take the opportunity to announce that the optional **3rd Dress Rehearsal on 30 January 2010 has been made mandatory** and kindly ask our members to plan according to this. This was a necessary decision in order to give all members/vendors the opportunity to attend at least two Dress Rehearsals before go live.

Customer Development Service (CDS)environment

We strongly recommend all members/vendors to make use of the CDS environment for testing purposes in the weeks which remains before go live 15 February.

Mandatory Customer Dress Rehearsals Guide

Again, we strongly recommend everybody involved in the upcoming Dress Rehearsal to carefully read through the "Mandatory Customer Dress Rehearsals Guide" beforehand. A copy of the revised guide for the 2nd Dress Rehearsal is enclosed to the same e-mail as this letter. The guide is also available on our project website Delta:

http://www.oslobors.no/ob_eng/Oslo-Boers/Trade/Delta

Activities to be performed during the 2nd Dress Rehearsal are described in the guide. **Please note that the time table for the 2nd Dress Rehearsal has been slightly revised compared to our last Dress Rehearsal:**

All times are in Central European Time (CET).

	Start	End
Infolect Reference Data	08:30	09:15
Infolect Connectivity (Customers should begin re-requesting reference data)	09:30	16:00
TradElect Connectivity	11:35	16:00
TradElect Functional Testing	12:00	15:30
TradElect High Volume Period	13:00	13.30

Any changes to the announced session timetables will be announced in real-time on the Weekend Activity Monitor website:

<http://www.londonstockexchange.com/weekendactivitymonitor/>

Oslo Børs FIX Gateway

This service, which is a consolidated 'Drop Copy' feed from both the native and FIX interfaces, will be available for testing during Dress Rehearsal 2. Members/others who would like to make use of this service must go through a simple enablement procedure carried out by Oslo Børs. The enablement forms for connecting to the 'Drop Copy' solution is available from our project website Delta, see link above (Request for Enablement Form - Oslo Børs FIX Gateway/ Request for On Behalf of Form – Oslo Børs FIX Gateway). You can also find more information about Oslo Børs FIX Gateway solution.

Instruments to be included in the 2nd Dress Rehearsal and timetable for trading related activities

Please find enclosed to the same e-mail as this letter an overview of instruments to be included in the Dress Rehearsal, as well as a plan of trading related activities which will be carried out by Oslo Børs.

Required feedback from members before and after the Dress Rehearsal

To enable both our technical staff and market surveillance staff to get important messages through to each individual member during the Dress Rehearsal, we kindly ask you to provide us with the following persons' contact details:

- technical staff present to oversee the Dress Rehearsal
- traders present to simulate the trading day during the Dress Rehearsal

We would be grateful if you could revert to technicalsupport@oslobors.no with a completed overview in line with the table below:

Member Firm:			
Role	Name	Direct phone	E-mail
(NB! Technical contact or Trader)			

After completed Dress Rehearsal activities, we kindly ask you to fill in the 'Customers' Dress Rehearsal Confirmation Form' enclosed to the same e-mail as this letter. It should be returned to technicalsupport@oslobors.no after the completion of the 16 January Dress Rehearsal.

Trader Group set up

We ask all our members to kindly verify that the Trader Group setup in place for each individual member at the 2nd Dress Rehearsal is correct and in line with their required setup for Oslo Børs TradElect production environment from go live 15 February.

Questions to Oslo Børs during the Dress Rehearsal
